Affiliated Programs:

STEM Club:

This after-school extra-curricular program is run on a weekly basis. It is coordinated by the 2021 Premier's Secondary Teacher of the Year, and often partners with organisations such as Sci-Tech and Shell NXplorers, where students learn to use STEM technology to devise solutions to real-world problems.

Performing Arts Academy:

Our highly successful award winning academy for Performing Arts runs classes and workshops run by industry experts and has partnerships with WAAPA, Youth Ballet WA and WA Youth Theatre. The Academy regularly achieves success competing at both state-wide and national competitions in Dance and Drama, and aims to improve confidence and team building skills among students.

Elite Sports Program:

The Elite Sports Program is the first of its type in Perth public education. The program is run in partnership with Curtin University Athletics Club where students receive coaching and learn the science behind improving technique. Built on the pillars of Fitness & Training, Growth Mindset and Personal Best, students have the opportunity to receive valuable advice from program patron, Duop Reath who is an Olympic Medal Basketballer (Boomers, Tokyo 2021) and graduate of Girrawheen Senior High School.

Leadership & Citizenship:

Recipients will be given the opportunity to run for Student Council in Year 7. If successful, they join the Student Council Form class and become part of an intensive leadership development program.
